UNITS

OVERVIEW

Develops the skills that underpin teaching numeracy: processing mathematical problems, interrogating and analysing mathematical findings, and communicating with mathematical techniques.

WHO IS IT FOR?

Aimed at learners who want to work in a supporting role within a school.

DURATION & DELIVERY

We offer two flexible study options, both delivered 100% online with full tutor support via BSA's Virtual Learning Environment: Standard (up to 4 months) and Fast Track (as little as 1 week).

ASSESSMENT & VERIFICATION

Assessed internally by qualified assessors and externally verified by Focus Awards, mainly through written assignments backed by supporting evidence from your workplace.

- Written assignments for both units
- Witness testimony from someone who has seen you work
- Work products, such as reports or presentations

PRACTICAL REQUIREMENTS

- Practical tasks are assessed in the workplace
- A past colleague can give your witness testimony if you are not currently employed
